

Health Sciences with an Emphasis in Health Management

The following is a **sample** scheduling plan which demonstrates how students might complete the Health Sciences program in 12 quarters. Although the quarter and year in which some courses are placed can be adjusted to the individual needs of students, many of the Health Sciences courses are only offered every other year. Students need to meet with the Advisor and/or Program Coordinator to help navigate the program. **Program is subject to change and will change as The Ohio State University transitions to semesters.**

AUTUMN USAS 100 Survey (1) Math 130 or higher (4-5) Psych 100 (5) GEC (5) Total Hours - 15 - 16	AUTUMN EEOB 232 Physiology (5) Statistics 135 or 145 (5) Philosophy 130 Ethics (5) Electives (3) Total Hours - 18	AUTUMN ACCT&MIS 310 Account (5) AM 591 HC Organizations (3) PSYCH 331 Abnormal Psychology (5) FIN-250 Health Care Finance – Rhodes (3) Total Hours - 16	AUTUMN AM 662 Managed Care (3) AM 630D Management Principles (3) AM 600 Internship (3) GEC (5) Total Hours - 14
WINTER Chem 101 (5) Sociology 101 (5) GEC (5) Total Hours - 15	WINTER AM 102 Intro to Health Professions (2) Classics 210 Med Term (3) GEC (5) CSE 100 Intro to Computer (3) Total Hours - 13	WINTER AM 696 Program Assessment, Development, Evaluation (3) BUS M&L 650 Marketing (4) GEC (5) COMM 200 Communication in Society (5) Total Hours - 17	WINTER AM 663 Long Term Care (3) HIMS 544 Legal Principles for Health Managers (3) AM 505 Disease Principles I (3) Psych 340 Life Span Development (5) Total Hours - 14

***Total from Sample Schedule –AM 600 Internship is optional but total number of hours must equal at least 182.**

*This sample is for students who begin studies at OSU from Autumn 2007 and beyond. The number of total quarter credit hours has been reduced to 182. This includes all general graduation requirements, general education curriculum, program prerequisites, and professional curriculum. For all other students, elective hours will vary to total 196 quarter credit hours. Students should contact the Advisor and/or Program Coordinator for information about their specific situation. CPR Certification is also required.
