

The following **sample** scheduling plan demonstrates how students might complete the Health Sciences program in 12 quarters. Although the quarter and year in which some courses are placed can be adjusted to the individual needs of students, many of the Health Sciences courses are only offered every other year. Students need to meet with the Advisor and/or Program Coordinator to help navigate the program. **Program is subject to change.**

<p><b>AUTUMN</b>            AM 100 Survey (1)            Math 130 or higher (4-5)            Psych 100 (5)            GEC (5)</p> <p>Total Hours - 15 - 16</p>	<p><b>AUTUMN</b>            EEOB 232 Physiology (5)            CSE 100 Intro to Computer (3)            Statistics 135 or 145 (5)            Classics 210 Med Term (3)</p> <p>Total Hours - 16</p>	<p><b>AUTUMN</b>            ACCT&amp;MIS 310 Account (5)            AM 591 HC Organizations (3)            EDPAES 624 Foundations of Workforce Development (4)            AM 630D Management Principles (3)</p> <p>Total Hours - 15</p>	<p><b>AUTUMN</b>            AM 662 Managed Care (3)            COMM 200 Communication in Society (5)            GEC (5)            Philosophy 130 Ethics (5)</p> <p>Total Hours - 18</p>

\*Total from Sample Schedule – at least 182 hours – Students are also required to have CPR certification

\*This sample is for students who begin studies at OSU from Autumn 2007 and beyond. The number of total quarter credit hours has been reduced to 182. This includes all general graduation requirements, general education curriculum, program prerequisites, and professional curriculum. For all other students, elective hours will vary to total 196 quarter credit hours. Students should contact the Advisor and/or Program Coordinator for information about their specific situation.
