

Personal Responsibility

Members of the Ohio State Lima faculty, staff, students and visitors are encouraged to be aware of their surroundings and to be responsible for their personal safety. Although we try to insure the safety of the campus population by making sure grounds are well lit and patrolled, crime does occur.

We publish crime statistics so that students, faculty, staff and our visitors will be aware of the potential for crime. We subscribe to the philosophy that publicizing crime and campus safety information will only help make the campus safer.

Reporting Crime

The campus encourages prompt, accurate reporting of crimes or suspicious incidents. Any phone on campus may be used. NO COINS REQUIRED – JUST DIAL 8499. All pay phones are equipped to reach the country-wide 9-1-1 emergency system which connects you to all law enforcement agencies, emergency medical services and fire departments.

Crime Prevention Programs

Safety is a concern everywhere in society, and Ohio State Lima is no exception. There are many ways to promote security and avoid unsafe situations. An understanding of basic safety principles, a little caution and lots of common sense are your best protection.

Ohio State Lima is committed to providing a safe environment for students, faculty, staff and other members and visitors of the campus community. Trees and shrubs are well maintained and trimmed back away from buildings and walkways. The parking lots and sidewalks are well lit for your comfort.

Crime prevention and awareness pamphlets and a variety of informational pamphlets ranging from date rape, personal safety, wellness and other topics are available from the Student Activities Office, Galvin Hall, Room 066. The Security Office works closely with Student Activities concerning matters of general safety. The campus *Communicator*, a weekly newsletter provides necessary information to the campus population. Notice to Campus Community

On July 1, 1997, a new law went into effect concerning Sex Offender Registration and Notification. Under that law, convicted sex offenders must register for a period of time with their local county sheriffs. Sex offenders are classified as 1) sexually oriented offenders, 2) habitual sex offenders, and 3) sexual predators. The local Sheriff's office is required to notify various entities on the Lima Campus of The Ohio State University when a sexual predator or a habitual sex offender, who the court determines is subject to community notification, moves into a specific geographical location. The Safety/Security Department maintains a binder of currently registered sex offenders living in the immediate area. You can contact the Allen County Sheriff's office directly at (419) 227-3535 for more information. For more information, go to the Security website at lima.osu.edu/security.

Most campus academic facilities are open from 7 a.m. until the last evening class lets out. The campus technical training centers and computer labs maintain standard hours of operation. These areas are monitored by lab assistants with posted hours for daily and weekend usage.
