### Helpful Hints:

Once you exit I-75 you will be driving for about 5 miles through residential and business areas. Here are some landmarks to watch for, if this will help.

When you turn onto Breese Road you will cross railroad tracks almost immediately, then come to a traffic light (Dixie Highway).

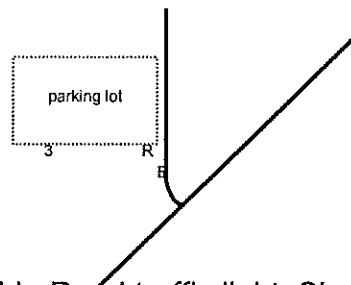

The Breese Road/Shawnee Road intersection will be the next traffic light. Elmview Pizza and CVS Pharmacy are on the right at the Shawnee Road intersection.

Driving on Shawnee Road you will pass over/through:

1. railroad tracks
2. 1<sup>st</sup> traffic light – Zurmeally Road (large church on the left)
3. 2<sup>nd</sup> traffic light – Ft. Amanda Road (service stations)
4. 3<sup>rd</sup> traffic light – Adgate Road (Shawnee Country Club area)
5. 4<sup>th</sup> traffic light – Spencerville Road, Rt. 117, Pony Keg drive-thru

Shawnee Road then makes a sharp curve (25 MPH) to the right, and the roadway ascends (railroad overpass).

As you crest the hill you will see the traffic lights of the Cable Road intersection ahead of you. (This is a "T" intersection. Southbound Cable Road curves, T's into Shawnee Road, then ends.)

At the Shawnee Road/Cable Road traffic light, Sky Bank (B) will be on your left. Ray's Signature Foods (R) is the first business on Cable Road after Sky Bank. The curve in Cable Road is the reason for needing to be prepared to make another left turn almost immediately after turning onto Cable Road. With your eyes on the road you can easily miss the first entrance into Ray's parking lot.

After turning into Ray's parking lot, drive past Ray's building and you will arrive at the PSA 3 Agency on Aging building (3).
