Light’s Invincible Force

Light will shine through our darkest fears
It will guide us through the rocky paths of our lives
And show us an indescribable feeling of fulfillment
There isn’t enough darkness in the world to put out the smallest of light
Light will shine through the darkest of dark
From within, light can heal the biggest holes of darkness
And fill us with the healing power of love
Light is a powerful force that can do miracles
With just a little glimmer of love
Light can conquer anything
It describes the beauty one cannot put into words
And can take someone’s breath away
Like a wild fire, it will spread
And like the sun, it will illuminate
Light is an invincible force
That will shine through the heaviest burdens of life
All we have to do is open our eyes
And spread a little light
One step at a time
